

Partnership Update

CDW has partnered with V-Soft's ServiceNow practice to provide hybrid delivery solutions. This is the first time CDW is offering offshore capabilities to support their client's ServiceNow needs. Over the past seven months, the V-Soft and CDW partnership has provided successful delivery of projects to the following accounts:

- SJI
- Maestro
- Athletico
- University of Chicago
- Montgomery Public Schools
- Cornerstone
- Quality Technology Services
- Genesis Health
- EcoLabs
- Evoqua
- LKQ Corporation

Below are some accolades V-Soft received from CDW and their clients:

“ I'm extremely impressed by the work that [the V-Soft team] is doing and very happy to work with a team that is so organized and diligent. They are all making it very easy to give them more work, and we love that as much as I'm sure you all do. Thank you for making us raving fans! ”

CDW Solution Domain Manager, Development Services

“ The team has been phenomenal to say the least. Working virtually on such a critical project is no easy task for any of us, but they're getting it done! The team keeps us engaged and never takes their eye off the ball! I'm a tough cookie with high expectations, thanks again for assimilating such a wonderful, high-impact team! ”

Cornerstone (CDW Client)

“ [The ServiceNow Developer] was a great help on our jumpstart. He was really adaptable for requests from a customer that changed course several times. He was never rattled and always delivered what was asked. Thank you for your continued excellence! ”
